ENGLISH LANGUAGE FOR SMART LEARNING WITH THE

GETS Suite for School Students

GETS by QAI, UK, is a leading solution for assessing, improving and monitoring the English language skills of students who are 7 years old and older.
It enhances students' academic performance in subjects taught in English, while also developing their oral communication skills and overall language proficiency in General English. Based on the Content and Language Integrated (CLIL) approach, it is designed specifically for non-native English speakers.
GETS utilises their proprietary Nine Dimensions of language development and improvement, which is aligned with the internationally recognised Common European Framework of Reference (CEFR) and implemented through the GETS Scale of English. With age-appropriate scenarios and questions, GETS employs a proprietary AI-based adaptive testing method for online administration and offers a paper-based alternative for educational institutions.

The Benefits of the GETS Suite

Develops the English language skills in the context of curricular subjects

Assists in writing and communicating effectively for academic success, e.g. research reports, statements of purpose (SoP), extended essays and other academic work and assignments

Develops general English language skills across Listening, Reading, Writing, Speaking and Use of English

Leads to an international certification mapped to the CEFR, the world standard

It helps with gaining deeper understanding and grasp of academic content that can be found in print, digital and online formats

Improves academic performance across all subjects taught in English

Develops oral communication and presentation skills

The Key Highlights of the GETS Suite

- The world's first certification based on the CLIL concept to suit non-native English speakers
- Designed for school students who are seven years of age and above
- Offered for different classes and levels:
  - Classes 2 & 3: GETS Elementary
  - Classes 4 & 5: GETS Primary
  - Classes 6 & 7: GETS Secondary
  - Classes 8 & 9: GETS Intermediate
  - Classes 10 & 11: GETS Upper-Intermediate
  - Class 12: GETS Higher *

GETS Higher has been evaluated and approved by Ecctis (formerly UK NARIC), the UK's designated national agency for recognition and comparison of international qualifications and skills, and is accepted as proof of English language proficiency by higher education institutions in the UK.

The Key Highlights of the GETS Suite

- Results aligned to the Common European Framework of Reference for Languages (CEFR), the world standard for describing language ability, and certified by QAI, UK
- Offering choice and flexibility: paper-based or computer-based testing on school premises
- On-demand test dates: Schools can choose a convenient date and time for test administration
- Quick release of results: Turnaround times ranging from 0 to 7 working days
- Meeting everyone's needs and preferences: Oral Communication can cater to the specific needs and preferences of individuals by offering various modes of administration such as face-to-face, recorded or video interaction
- Engaging test questions, incorporating authentic and real-life situations, images, audio and video
- Differentiated: Students aged 9 to 14 complete three modules that include General English, Content-Based Language and Oral Communication allowing them to evaluate and develop their general and academic English language skills WHILE students aged 15 and above complete four modules (e.g., Listening, Reading, Writing and Speaking) which will provide them with access to higher education and a range of national and international career opportunities
- Developed by a highly experienced team of English language experts and domain specialists
- A component of the iSKiL Programme (Zamit's Skill and Knowledge Integrated Learning)

The Proprietary Nine Dimensions of the English Language Development Model

GETS uses its proprietary Nine Dimensions for analysing, assessing and assisting students in improving their English language skills that include Content-Based Language, General English and Oral Communication.

International Certification

The GETS suite is designed, developed and owned by QAI, UK's international awarding, accrediting, assessing and quality assurance body.

The scores are in line with the GETS Scale of English and are aligned to the Common European Framework of Reference for Languages (CEFR), the world standard for describing language ability.

QAI Qualifications and Assessments International, UK
Authenticating Learning

The GETS Higher scores have been evaluated and approved by Ecctis (formerly UK NARIC), the UK's designated national agency for recognition and comparison of international qualifications and skills, and are recognised as levels A2 to B2 on the CEFR.

Supporting the School ecosystem for future readiness!

Zamit stands at the forefront
educational innovation, equipping students and educators with the skills for the future, today. This UK-based pioneer in educational solutions offers Skills and Knowledge Integrated Learning solutions for students and advanced Teaching Excellence programmes for teachers.

In strategic alliance with QAI UK, Zamit's services are developed to meet the Regulated Qualifications Framework (RQF) of England, Wales, and Northern Ireland, and its analysis is benchmarked against the Common International Framework of Reference for FutureReadiness (CIFR)— the research-based global standard.

Partnering with schools, Zamit custom-designs initiatives that cater to the needs of both students and teachers, promoting a learning ecosystem that is adaptive, innovative, and future-ready.

Furthermore, in collaboration with The Future Foundation, Zamit provides development grants, scholarships, and research funding, investing in the continuous advancement of education
