Elevating Teaching Excellence with CPD Programme

In the rapidly transforming landscape of education, teachers need to be consistently ahead of the curve by continually developing and improving their teaching practices, ensuring they can effectively guide students through the complexities of the VUCA (Volatile, Uncertain, Complex, and Ambiguous) world.

The iTERM programme by Zamit presents a distinguished pathway for professional development that is aligned with the Regulated Qualifications Framework (RQF) from England, Wales, and Northern Ireland, with certification by QAI UK.

THIS PROGRAMME EMPOWERS TEACHERS TO:

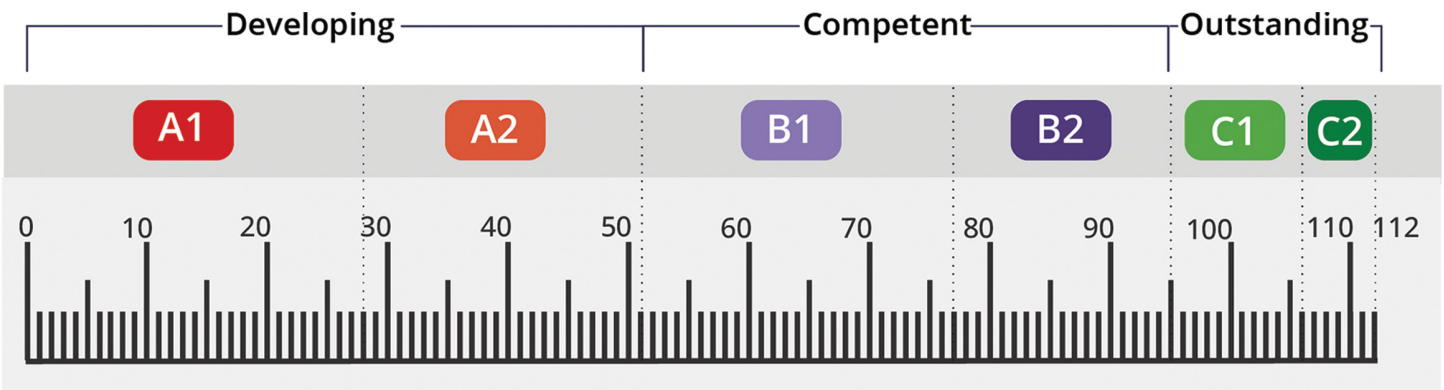

- Enhance pedagogical knowledge, teaching skills and methodologies.
- Develop and refine a comprehensive set of over 80 teaching excellence skills categorised into Creativity, Employability, Professionalism, Pedagogy, Communication, Digital Literacy, Mentoring and Emotional Competencies, all while building a social perception of professionalism and good repute.
- Receive personalised reports assessing teaching excellence and relevance management skills with a TERM Score which is calibrated against CIFR-the global benchmark of excellence.
- Seamlessly integrated skills into subject teaching.
- Engage and undertake guided action research for improved educational practices.
- Fulfil ongoing CPD (Continuous Professional Development) requirements.

PROGRAMME HIGHLIGHTS

- For teachers of Classes 3 to 12.
- 130 hours.
- Face-to-face, Online or Blended.
- Five CPD Programmes.
- Analysis and personalised report covering over 80 teaching exellence skills.
- Action Research activity with practical implementation.
- Guided self-development activities.

Let's begin...

Supporting the School ecosystem for future readiness!

Zamit stands at the forefront of educational innovation, equipping students and educators with the skills for the future, today. This UK-based pioneer in educational solutions offers Skills and Knowledge Integrated Learning solutions for students and advanced Teaching Excellence programmes for teachers.

In strategic alliance with QAI UK, Zamit's services are developed to meet the Regulated Qualifications Framework (RQF) of England, Wales, and Northern Ireland, and its analysis is benchmarked against the Common International Framework of Reference for Future Readiness (CIFR)— the research-based global standard.

Partnering with schools, Zamit custom-designs initiatives that cater to the needs of both students and teachers, promoting a learning ecosystem that is adaptive, innovative, and future-ready.

Furthermore, in collaboration with The Future Foundation, Zamit provides development grants, scholarships, and research funding, investing in the continuous advancement of education.
